

Delabole Primary School

P.E & Sport Premium 2023-2024

School Context

At Delabole Primary School, we have been thinking about how we can design a curriculum which prepares our young people for a world that will be very different to the one in which we have grown up. Health and Wellbeing is a huge part of this and we believe teaching children to be physically active will really promote a lifelong love of being active.

Within our vision for PE, we are committed to:

- Ensuring there is high quality teaching and learning across the school in all sports and physical activities
- That children are physically literate through possessing the fundamental movement skills
- Children gain a good understanding of health and fitness and strive to improve this
- Children are physically active during every day. Whether it's on the playground or during their lessons, the link between physically active children and healthy, successful children has been proven
- Larger numbers of children taking part in extra-curricular sports clubs, intra-school competitions and in representing the school at festivals, matches and performances
- Children gain experiences of a wider range of physical activities
- An opportunity for children to not only play but to coach and lead physical activities or sports
